

SOME MICHIGAN NATIONAL GUARD equipment rolls out of Detroit Tuesday after civil unrest subsided, but a woman weeps quietly as she heads for a funeral. Tanya Lynn Blandin, 4, was killed, apparently by a police or National Guard bullet, during the height of the burning, looting and killing last week. Her funeral was held Tuesday with some 200 mourners attending. (AP Wirephoto)

3¢ Cigarette Tax For Riots Urged

LANSING (AP) — The Senate Tuesday approved a resolution expressing legislative intent to provide additional money for expenses incurred by state agencies in last week's Detroit and outstate rioting.

However, majority Senate Republicans indicated reluctance to approve a three-cent increase in the state cigarette tax which some lawmakers say will be needed to make up for a depletion in the general fund caused by the riots.

Introduced in the Senate were resolutions calling for creation of a committee to investigate the causes of the Detroit riots in which 41 persons died and praising the work of police, firemen and National Guardsmen.

The appropriations resolution, approved in a voice vote, recognized that "a major task facing Michigan state agencies today is the assistance of various cities which suffered 'civil disturbances' last week."

"Assistance in line with the existing programs of the various agencies must be carried forward," the resolution added.

However, "before final decision can be made as to areas of aid, the scope and magnitude of the various projects, both physical and financial, will have to be determined and degree of responsibility developed and adjudicated," the resolution said.

The resolution, which also must pass the House, requires that a report "reflecting any and all costs" be filed with Budget Director Glenn S. Allen.

Senate Majority Leader Emil Lockwood, R - St. Louis, went before the GOP caucus to urge passage this week of the cigarette tax boost, but said he "didn't get the kind of reception I had hoped for."

"The general sentiment of the Republican caucus is not to take action until some time in the future," he said.

Lockwood said the caucus felt passage of the tax boost could precipitate a "rash of spending" and felt passage should wait until the fall session which begins Oct. 10.

"The longer we delay the more possibility we will have to tax at an exorbitant level," Lockwood said. "I hope I can prevail on them before Thursday (the scheduled date for final adjournment)."

Lockwood said Monday that it was his understanding after talking with Allen that the cost of the riots and the resulting loss

of revenue will seriously cut into the anticipated general fund surplus for fiscal 1967-68.

"It is mandatory that we have the \$20 million the cigarette tax would raise," said Lockwood, who has proposed that the tax increase go into effect Oct. 1.

He pointed out that postponing action until the October session would delay the date on which the tax could take effect and could make it necessary to raise the tax more than the proposed three cents per package.

The state now levies a seven-cent per package tax on cigarettes. Sen. George Kuhn, R-Birmingham, introduced a resolution calling for a seven-man committee to investigate "the causes and events" leading up to the riots.

Romney, Clark Tiff Over Aid

WASHINGTON (AP) — Attorney Gen. Ramsey Clark says federal troops were ready to be dispatched to riot-torn Detroit last week hours before Michigan Gov. George Romney asked for them.

Clark told a Tuesday news conference Romney did not ask for federal troops to help quell the Detroit riot until nearly 11 a.m. on July 24, about eight hours after the governor had said he requested them.

Outlining events during what Clark called that "tragic morning in American history," the attorney general said the first direct contact he had with Romney was at 2:40 a.m. He said the governor telephoned then and termed the situation in Detroit "very bad."

Romney Report
He said Romney reported 80 looting fires and widespread burning and said he thought he might need about 5,000 Army troops. But Clark said it was only after hours of back-and-forth telephoning between

Romney and Clark that the governor finally sent a 10:46 a.m. telegram requesting the troops.

Romney has said he requested the troops in a telephone call before 3 a.m. He said also Clark told him at first that an oral request would be satisfactory, but later demanded a written request and directed that he specify there was an insurrection in Detroit which he was unable to control.

"Playing Politics"
Romney charged President Johnson with playing politics at the expense of the people of Detroit, and that Clark's demand for a written request was more political than legal.

In announcing he was sending federal troops into Detroit, the President went to some lengths to emphasize he was doing so because of the inability of state and local officials to control the situation. He mentioned that point and Romney's name seven times in his brief statement to a nationwide television audience. The White House has said it considers the matter closed.

Cargo's Reward Goes To Accused

SANTA FE, N.M. (AP) — When the Rio Arriba County courthouse was attacked by gunmen June 5, Gov. David Cargo offered a \$500 reward from his own pocket for the man described by state police as the most dangerous member of the group accused of the raid.

The reward went to Auerilla Martinez of Canjilon, mother of Baltazar Martinez, after she negotiated with officers for her son's surrender July 4. He now is out on bail.

Cargo said Tuesday the canceled check had been returned by his bank and had been signed over to Martinez.

Post. "I was sitting there after three weeks of training and I had seven more weeks to go when I heard they wanted me to go to jump school, which was going to be another four weeks."

"That morning I read about how 250 Green Berets had been killed in battle and that depressed me very much."

He said he deserted camp and took a plane from Atlanta to New York. He reported to Ft. Hamilton in Brooklyn, and there told officers he was home on emergency leave from Vietnam. He also said he was due back the next day but had lost his orders.

Ft. Hamilton authorities, not wanting to see a soldier get in trouble by failing to report as scheduled, drafted what they thought were duplicate orders, he said. Melendez flew to San Francisco, where he boarded a

Carmichael Calls For Negro Uprisings

HAVANA (AP) — Black Power advocate Stokely Carmichael called Tuesday for Negro guerrilla uprisings in U.S. cities and made threats against President Johnson, British Prime Minister Harold Wilson and other high U.S. officials.

Declaring that Black Power advocates "are moving into urban guerrilla warfare in the United States," the militant Negro agitator told a three-hour news conference:

"We have no alternative but to use aggressive armed violence in order to own the land, houses and stores inside our communities, and to control the politics of those communities."

U.S. newsmen were barred from the news conference, but Carmichael's remarks were quoted by Havana Radio, George Ware of the Student Nonviolent Coordinating Committee, and Felix Greene, a British citizen reporting for the San Francisco Chronicle.

Carmichael declared that Negro guerrillas "must develop a consciousness so that when people who are struggling get killed, the retaliation will be against the leaders of the West."

"Let us develop a consciousness that when they touch one guerrilla, Lyndon Johnson, Dean Rusk, Robert McNamara and Harold Wilson must pay the price," he said. "We are not waiting for them to kill us. We

will move to kill them first—or rather, we are working towards that goal."

He presumably included Wilson because the Home Office last week banned him from Britain.

"One good thing about the Vietnam war is that the United States has taught us how to kill," Carmichael declared later. "Our brothers returning from Vietnam are going to use that training well in the cities of the United States."

The State Department is making preparations to revoke the passport of Carmichael, who came to Havana for the Communist-dominated congress of the Organization of Latin American Solidarity. The Justice Department is also investigating the activities of the 26-year-old militant, a native of Trinidad who was raised in New York's Harlem and the Bronx and is a naturalized U.S. citizen.

War Costs 825 Planes; Ground Fighting In Lull

SAIGON (AP) — The U.S. Command today announced the loss of three more American warplanes in combat and a Communist attack on an American ship.

The ground war lapsed back into a lull with no further fighting reported in the 10,000-man allied Operation Colorado II in the Mekong delta south of Saigon.

Two of the planes were lost over North Vietnam and the other in South Vietnam, bringing the total number of American warplanes reported lost in combat in the war to 825. This includes 629 over North Vietnam and 196 over the South. One of the losses over the North was an Air Force RF101 reconnaissance Voodoo and the pilot was missing. The other was a carrier-based Navy A4 Skyhawk; its pilot was rescued.

Communist fire brought down an Air Force F100 Supersabre fighter-bomber on a combat support mission over South Vietnam and the pilot was killed.

The U.S. Command also announced that six Vietnamese civilians were killed and 23 wounded by U.S. artillery and air strike mistakes. In a third such incident, a U.S. Army helicopter accidentally fired on troops of the U.S. 1st Infantry Division 22 miles northeast of Saigon, killing one U.S. soldier and wounding seven.

A military spokesman said Viet Cong positions along the banks of the Long Tau River opened up on the American merchant ship Seatrain Florida 15 miles southeast of Saigon with small arms, automatic weapons and recoilless rifles, but the only damage was two punctured tires on a vehicle the ship was carrying.

Navy river patrol boats, army gunship helicopters and air force fighter-bombers swarmed over the area and killed four Viet Cong, the spokesman said. The ship is owned by Seatrain Lines Inc. of New York.

Sniper Fire Shatters Curfew In Milwaukee

No Conspiracy In Riots: FBI

WASHINGTON (AP) — FBI Director J. Edgar Hoover has told President Johnson's civil disorders commission "there is no intelligence on which to base a conclusion of conspiracy" behind the nationwide rash of riots.

The commission chairman, Gov. Otto Kerner of Illinois, who relayed that information to reporters, said he thinks "all of us... are impressed by the fact that these things seem to start from some little incident. From all the facts I can gather at this time, I think this would be true."

Hoover was one of the first witnesses Tuesday when the commission went to work on its task of trying to find the causes and cures for the civil violence which has hit big and little cities.

Kerner told a news conference later that in a statement to the commission Hoover indicated he had no basis for saying any conspiracy existed. In a brief exchange with reporters after the more formal session Kerner hardened the "indicated" to "said."

Hoover also filed a report, Kerner said, summarizing some 52 civil disturbances over about the last three years and providing the historical background for these.

The commission had no opportunity immediately to dig into the report.

Kerner said he, himself, had not actually seen the report submitted by Hoover.

"He just reported to us what the FBI had been doing these last few years in these conditions, and gave us a summary report of the FBI's reports," Kerner said.

Asked whether there was anything substantive as to conspiracies or subversive elements, Kerner replied:

"No. There is no indication from his statements that there is any conspiracy."

Drain Meeting

TRAVERSE CITY (AP) — The Michigan Association of County Drain Commissioners opened its 1967 convention in Traverse City today. It runs through Friday.

Today's Chuckle

Vacation plan: If your pocketbook's flat — stay where you're at.

3-Hour Fight Pins Policemen And Guardsmen

MILWAUKEE, Wis. (AP) — Sniper fire erupted in several locations Tuesday night, shattering Milwaukee's curfew.

Gunfire pinned down police and National Guardsmen in the vicinity of their North Side command post during much of a three-hour outburst of gunfire in the predominantly Negro Inner Core district.

Mayor Henry Maier lifted the curfew during daylight hours again today but said it would be restored tonight.

Maier said Police Chief Harold E. Breier reported three persons were being questioned about the sniping. There were no reports of serious injury.

Arrests continued Tuesday night for violations of the curfew that had checked rioting and most firebombing. The total arrest figure approached 500 today.

Fire At WM
Guardmen and police fired at will in an area within eight blocks of Palmer and Lloyd, where the sniping broke out.

The sound of small arms fire mingled with the heavy thud of 12-gauge police shotguns. National Guardsmen shot round after round of .30-caliber ammunition with World War III M-1 rifles.

A sniper or snipers barraged the police emergency command post set up in a department store warehouse. Police doused the lights, hit the floor and traded shots for several minutes.

Along Third Street, in a business district, police took cover behind a Brink's, Inc., armored truck and tried to hit snipers who appeared to be moving from roof to roof.

Douse Street Lights
During the sniper fights, officers and Guardsmen shot out street lights, plunging locations in darkness so they would not be good sniper targets.

Calm returned to Milwaukee, the nation's 11th-largest city, jittery since Sunday night when the firebombing and rock-tossing began.

Some Milwaukee housewives, worried that food supplies would dry up, rummaged around for their mothers' bread recipes and began baking. Groceries reported runs on flour, yeast and other baking supplies.

And in the Inner Core itself, the daytime lifting of the curfew provided a chance for the curious to see for themselves what street violence does to a neighborhood. Police reported traffic jams along Third Street as residents cruised through the battered area.

Half Year Road Toll Is Reduced

LANSING (AP) — Provisional State Police figures show 185 traffic deaths in Michigan during July, 27 fewer than in July, 1966.

The past month was the first July in four years in which fewer than 200 were killed. The July, 1967, total was 14 deaths below the 1962-66 average for the month.

As of Monday, State Police said, 1,040 people had been killed in state traffic mishaps, 215 fewer than the total for the same date last year. April was the only month this year in which traffic deaths exceeded those of the corresponding month last year.

Educators Face September Crisis

LANSING (AP) — "The State of Michigan faces a real educational crisis come September," Gov. George Romney warned Tuesday.

Romney met with representatives of school boards and teacher unions, expressing concern about a lag in negotiations and contract agreements with teachers.

"We're facing a very serious situation—the possibility that the kids will be out of school," Romney said. "There is nothing more serious than that."

The Michigan Education Association, a teacher group, reported to the governor that 217 of its districts had signed contracts with teachers and 295 had contracts still pending.

"About 81 of these are critical," association attorney Ted Swift said of the negotiations. "They are all over the state, from Wayne County to the Upper Peninsula. In some, negotiations have broken down. In others, there is no progress."

The Michigan Federation of Teachers, AFL-CIO reported that of 22 contract negotiations, five had reached agreement and about 10 were "critical."

Swift said the late decision by the Legislature on school aid and the number of elections on school millage pending helped account for the lag in negotiations and contract agreements with teachers.

"The teachers are getting to the point where they think the only way to educate the public is to show a little muscle," said Swift.

"We've just had a riot in Detroit," Romney interjected.

"The same frustrations that released themselves in Detroit are just three weeks away," said Swift, referring to a possibility of teacher strikes.

Walter Averill of Saginaw, president of the Michigan Association of School Boards, suggested that the governor call the Legislature back and ask for more money for the schools.

Law Could Not Avert Riots, Declares Hart

WASHINGTON (AP) — Democratic Sen. Philip A. Hart of Michigan says only a law "just landed from the moon" could believe a federal antiriot law would have prevented the violence that racked Detroit.

His Republican colleague, Sen. Robert P. Griffin, said there is no evidence such a law would have averted riot in Detroit—but added he would vote for the measure because "it may prove of some value."

"I'm not too enthusiastic about it," said Gov. Richard J. Hughes of New Jersey, a Democrat. Hughes said he does not know whether the measure would have had an impact on disorders that hit Newark and nearby New Jersey communities.

The governor and the senators spoke in interviews prior to Senate Judiciary Committee hearings opening today on a House-passed bill which would make it a federal crime to cross a state line with intent to incite riot.

Hart said Michigan has an antiriot law and so do all the other states. "If anybody thinks that Detroit wouldn't have happened if we had had an antiriot bill, he just landed from the moon," the senator said.

Hughes said: "I hope that the backlash from these riots does not lead the country to make the mistake of turning against the poverty program, the demonstration cities program, rent supplements and other things."

At the top of his priority list, Hughes said, is a strict federal gun control law. That mission took him to a Senate Judiciary subcommittee Tuesday to declare: "Whatever we have to do, we must do. The country is in trouble."

Hughes said riots and sniping—some by experts who may have been trained—underscore the need for a federal law to control the sale and shipment of firearms. As the Judiciary Committee opened its antiriot hearings, President Johnson's Advisory Commission on Civil Disorders met to hear testimony

of four top federal officials. Its chairman, Gov. Otto Kerner of Illinois, reported that FBI Director J. Edgar Hoover advised the panel "there is no intelligence on which to base a conclusion of conspiracy" in rioting.

That position was debated on Capitol Hill. Sen. Strom Thurmond, R-S.C., said Communists were the catalysts in city rioting.

Bessonen Given Relocation Post

LANSING (AP) — Appointment of two new relocation officers was announced by the State Highway Department Tuesday for its Saginaw and Jackson districts.

Richard K. Saxman, 33, of Lansing, was named relocation officer for the 11-county Saginaw district and Elmer A. Bessonen, 29, of Escanaba for the seven-county Jackson district.

They will be responsible for providing relocation assistance to persons displaced by highway construction in their respective areas.

Bessonen is a graduate in business administration from Michigan State University and has been employed in the Upper Peninsula as a right of way buyer for the Highway Department since September, 1962.

His wife is the former Florence Myllyla and they resided at 2425 S. 23rd St. His father, the late Elmer A. Bessonen, was employed by the Highway Department as U. P. soils engineer.

Forest Fire Report Made

Seven fires were reported in the Upper Peninsula state protection area for the week ending July 29, burning 3.2 acres.

Two fires were reported from the Crystal Falls District, Iron, Dickinson and Menominee counties, burning 1.8 acres. To date they have had 73 fires burning 218.4 acres.

One fire was reported from the Escanaba District, comprising of Delta, Marquette and west one-half of Alger Counties, burning 1 acre. To date they have had 81 fires burning 295.3 acres.

Four fires were reported from the Newberry District, burning 1.3 acres. To date they have had 66 fires burning 228.7 acres.

A total of 269 fires have burned 781.7 acres in the Upper Peninsula to date. Last year at this time there had been 356 fires burning 2,314.6 acres.

Obituary

MIRKO SKRADSKI

Funeral services for Mirko Skradski were held at 10 a.m. Tuesday at St. Thomas Church. A solemn requiem mass was celebrated by Rev. Arnold Thompson. Deacon was Rev. Fr. Stephen Mayrand. Sub deacon was Rev. Fr. Wayne Marcotte. Msgr. Matt Laviolette was in the sanctuary. Burial was in Holy Cross Cemetery. Pall bearers were Steve Sober, Kenneth Marvic, Sam Cahoe, Bill Casey, Tony and James Kutches.

CARL E. STONE

Complete funeral services for Carl E. Stone will be held at 1:30 p.m. Thursday at the Arderson Funeral Home with Rev. James Swan of the Evangelical Covenant Church officiating. Burial will be in Lakeview Cemetery. Friends may call at the funeral home from 4 to 9 p.m. today.

Reptiles eat little in relation to their body weight. They get most of the heat they need from outside their bodies—by basking in the sun, for instance.

Advisers To Name U.P. Public Needs

By JEAN WORTH

MACKINAW CITY — The Michigan Advisory Task Force of the Upper Great Lakes Regional Commission had its first meeting here Tuesday with Federal Commissioner Thomas Francis and promised to have a priority list of projects ready by Nov. 1.

The Upper Great Lakes Development Region is the federal government's Little Appalachia for Northern Michigan, Northern Wisconsin and Northern Minnesota, 119 counties in all. The governors of the three states and Francis form the commission, which will manage the partnership of federal government and states in a continuing regional economic development effort.

Francis has no staff yet and the economic development agencies of the states are supplying most of the staffing at this point with the Michigan Department of Commerce under Director Herbert C. DeJonge doing the work in Michigan. John Kavanagh, chief of the Industry Division, has been named to head up the UGLRC effort in Michigan.

Priorities First DeJonge told the Advisory Force at a meeting at Downing's Restaurant at which Escanaba Mayor Harold Vanlerberghe, chairman, presided, that "there has not been too much original thinking so far (on the economic problems of the Upper Great Lakes Region by the staff of the new commission). Basically all that's needed at this time is priorities on the projects being proposed."

"They have been lifted from the programs of various government agencies for acceleration under this federal-state regional development program."

Kavanagh said that the preliminary proposals to the commission for the first year's program totaled \$203 million. Of this sum \$142 million would be asked from Congress in federal grants and \$61 would be supplied by the three states.

Areas Divide These totals are scaled down from a much larger total of requests for public works intended to trigger greater private investment and venture to bolster the economy of the re-

gion. The list of regional program projects proposed for Michigan alone totaled \$405 million, of which \$100 million would have been for refinancing the Mackinac Bridge to remove the tolls.

Sam M. Cohodas, Marquette banker, suggested the first major action of the Advisory Force; to divide itself into two groups, one composed of the Upper Peninsula members to work on U.P. program, and the other to devote its first attention to the 30 counties in the top of the Lower Peninsula.

Would Reduce List Russell Hoyer, president of U.P. Power Co., suggested that the advisory Force give priorities in numbered order and that it limit its recommendations to a few of the most urgent needs of the Upper Peninsula. Several that were mentioned were coordination of highway planning and tourism development programs in Northern Michigan and Wisconsin.

William McGraw, head of the Michigan Tourist Council, said there is little tourism coordination with Wisconsin. "I notice Wisconsin wants an Apostle Islands National Park as a chief objective in the Development Region," said McGraw. "I know nothing about it." He said the states could work together in several fields like training of recreation business workers.

Home Front First "Economic Development," said Francis "in the last analysis, has got to be done eventually by private investors and private industry. The role of the Development Commission is to judge where the federal and state funds shall be spent to trigger the maximum private enterprise and investment."

"The job will be to build on what we have, to help it to do better before we start to lure others in. We must find how to end our capital shortage that has so long plagued the area, and also what areas will respond best as demonstration spots for the development program."

The huge potential for public

works programs to stimulate the private economy in this regional development concept is indicated by what has happened in the southeastern states area called Appalachia. The Appalachia program has been given \$1.3 billion by Congress so far and is now asking a supplemental appropriation of \$478,000.

Proposed Projects Congressman Guy Vander Jagt (R-Cadillac) has proposed an amendment to the Appalachia Bill to supplement its funds that would provide \$56.3 million to get the Upper Great Lakes Development Region started on some major projects at once. These would include, in millions: Salmon fishery, \$10; tourism extension service education, \$3; vocational education, \$9; resources mapping, \$5; development roads, \$25; new projects development, \$4.

The preliminary inventory of needs based on past planning in the three states totals \$1,031 million, with Wisconsin adding \$301.6 million and Minnesota \$320 million to Michigan's \$410 million. There have been 726 economic studies in the area since 1945, most of them in the last 5 years. The inventory was drawn from these studies.

Task Force Members Named by Governor Romney to Michigan's Advisory Task Force from the Upper Peninsula were: Harold Vanlerberghe, Escanaba; Richard Burnette, Sault Ste. Marie; Sam Cohodas, Marquette; Richard Cole, White Pine; Harold Detman, and Dr. A. D. McKinnon, St. Ignace; Frank Hoholik, Manistique; Russell Hoyer, Hancock; B. W. Reeve, Iron Mountain; Ernest Ronn, Negaunee; William Wilson, Marquette and Jean Worth, Escanaba.

Lower Peninsula members are: Neal Downing, Mackinaw City; Eugene Geisler, Alpena; Edward Gould, West Branch; Rop Howes, Copenish; A. R. Jacobs, Traverse City; Lyle McKinley, Cheboygan; K. Berkley Smith, East Tawas; Warren Smith, Gaylord; Ward Walstrom, Harbor Springs.

Moose Is In Area

Bass Fishing Is Good On Big Bay

Northern pike are being taken near the mouth of the Ogontz River, the Conservation Department reports. Good bass fishing has been reported in the Nahina area and at the head of Big Bay de Noc. Early morning fishing on the Ford and Bark rivers has

produced nice catches of small-mouth bass.

Perch fishing has been good off of the Slab Dock in the Gladstone area and in the Escanaba Yacht Harbor. Panfish, northern pike, and some bass are being taken behind Dam No. 3 in the Escanaba River.

In the Trenary area brook trout fishing has been fair in the East and West branches of the Whitefish River. Fly fishing for brook trout has been most effective over deep holes of the Dexter and Scott creeks. Panfish continue to be taken still fishing with worms in the AuTrain Basin.

In the Munising area the following lakes have a boat livery available for launching: Round, Fish, and Chain of Lakes. Northern pike, bass, perch, and pan fish are being taken on these lakes with artificial lures and crawlers. Murray Bay on Lake Superior has produced nice catches of perch. Skeels Lake has been good for crappies and other panfish.

In the Chatham area, coho now in the 20-24 inch class and up to five pounds are being taken on Cleo and Rapala baits in Lake Superior. Several good catches of lake trout were made on Shelter Bay in the reef areas off of AuTrain Island.

Darrell Dhaene, Shelter Bay, caught a five and one-half pound coho in the area. Most effective method of fishing has been trolling with Rapalas, trout spoons, and daredevils. A few lake trout and cohos have been taken in Sand River, Laughing Whitefish, and AuTrain Bay areas.

A bull moose was observed feeding in the Escanaba River in Marquette County on July 29 by Robert Peterson of Princeton. Several unidentified fishermen had reported sighting the animal on the same date. Frank Marshall, conservation officer at Gwinn located tracks of the animal in Section 16, T44N-R25W on July 30.

Wilson Girl, 1, Struck By Car

One-year-old Lori Ann Getzloff, daughter of Mr. and Mrs. Adolph Getzloff, Rte. 1, Wilson, was taken to St. Vincent's Hospital, Green Bay, Tuesday night after she was seriously injured when struck by a car on a Menominee County road.

St. Vincent's Police of the Gladstone Post said the girl ran into the path of a car driven by Walter L. Flath, 59, of Rte. 1, Wilson, on County Rd. 331 in Harris Township, about 1.1 miles south of US-241. The accident happened about 6:25.

The girl was taken to St. Francis Hospital in Escanaba by ambulance and then transferred to St. Vincent's. A report on her condition was not available.

Lori and her sister had been across the road for dinner with their grandparents. Mr. and Mrs. Arthur Getzloff, and were returning home when the accident happened. After crossing the road, Lori apparently decided to return to her grandparents' home for something and darted into the path of the Flath car.

Millage Approved

BENTON HARBOR (AP) — Voters in the Benton Harbor school district Tuesday approved a 4.25 mill school operating levy for three years by 1,606 to 1,474 votes.

RESEMBLING A SPACE CAPSULE on its way to the launching pad, this 140-ton steel monster is the shaft for the primary crusher at U. S. Steel's new taconite plant at Mountain Iron, Minnesota, now approaching the end of its construction stage. The huge shaft, supported by a 150-ton overhead crane, is being lowered into the crusher pit which extends 103 feet below ground level in a bed of granite. The crusher, one of the largest of its kind, will be able to handle 3,000 tons of taconite rock per hour. It will crush taconite chunks from the mine into six-inch pieces, beginning the first of many steps required to remove the iron ore particles in the rock. The plant is expected to be in production late this year.

Holiday Inn For Marquette

Site work starts this week on Upper Michigan's first Holiday Inn, to be built just west of Marquette on the south side of U.S. 41.

With 148 rooms, enclosed swimming pool for year-around use, restaurant, cocktail lounge, saunas and whirlpool baths, large lobby and office space, it will be one of the nationwide chain's larger inns; and its Scandinavian motif will be unique among them.

Ted Bogdan, Joliet, Ill., will be the innkeeper in Marquette. He and his father and brother operate three other Holiday Inns, one in Joliet, Ill., and two in Sacramento, Calif., and are in partnership on the Marquette project.

Bogdan, his wife and six children will be moving to Marquette inn the near future, according to Patrick J. Lowmney, whose firm — the Elder Agency — is handling local arrangements on the project.

Allen Bros. and O'Hara, Inc., Memphis builders, will construct the inn here.

It will feature two sections — a one-story commercial building housing the restaurant and bar, meeting rooms, lobby and offices; and the five-story motel unit with two elevators.

Bogdan is classified as a master chef and plans to emphasize the food aspect of the business here. The restaurant will feature a "cookout" (exposed charcoal grill) in the main dining room.

The cocktail lounge with large stone fireplace will be a focal point of the commercial building, which will be constructed with A-frame roof.

The small conference room will accommodate about 50 persons, while each of the large rooms will accommodate about 150. They can be merged to accommodate gatherings of 200.

Located about 165 feet off the highway, across from the Big Boy Restaurant, the Holiday Inn here will provide parking for 268 cars in front of the building. Target completion date is June 1, 1968.

New Principal At Rapid River

Terence D. Johnson of Stambaugh has accepted the principal position of Rapid River High School. The post was vacated with the resignation of Norman Slough of Rapid River who has accepted an administrative post in the Peshtigo, Wis. public schools.

Johnson will graduate Aug. 55 from Northern Michigan University, Marquette, with a master's degree in secondary curriculum and administration. Johnson's teaching experience has included one year as a high school industrial arts instructor in Denmark, Minn., and an assistant teaching position at Northern Michigan University.

He received his B.S. degree from Northern and served for two years in the U.S. Army in 1959. Johnson is 26 years old, married and has a daughter five years old. Mr. and Mrs. Johnson are looking for housing in the Rapid River area. He will begin as Rapid River High School principal Monday, Aug. 7.

Fire Destroys Log Residence

BARK RIVER — A fire started by lighting late Tuesday night destroyed the small home of Mr. and Mrs. Kenneth Neuen on the Alfred LaVigne farm, about five miles north-east of Bark River.

Chief Herman Palmgren of the Bark River Volunteer Fire Dept. said the small, log home was burned to the ground. The LaVigne home, which was threatened by the flames, was saved.

Palmgren said 14 firemen responded to the call at 11:15 p.m. About 5,000 gallons of water from tanker and pumper trucks were used to control the blaze.

Terence D. Johnson

Training Session For Deputies Set

Officers of the Delta County Sheriff's Dept. will attend an in-service training school on "Service of Civil Papers and related matters" at 4 p.m. Thursday at the County jail.

Sheriff Harold Finman said Attorney James Chapekis will conduct the session.

Alewife Plant Closes Doors

MENOMINEE — An alewife processing plant operated in Menominee by the American Protein Co. of Milwaukee has closed operations until a solution to its waste disposal problem can be worked out.

The plant was closed Monday and will remain closed while new methods of fish waste treatment and disposal are studied.

The Michigan Dept. of Health said waste from the plant which were being poured into the Menominee sewerage system, overloaded the system, causing pollution of the Menominee River.

A 10,000 gallon tank which was installed on the theory that solids would settle in the tank allowing liquids to be pumped into the sewerage system failed to solve the problem because the material would not settle.

Mayor John Reindl said the company is exploring an alternate plan calling for removal of wastes by tank trucks. Reindl said Gail Bower, county agricultural extension agent, is attempting to contact farmers who could use the waste material as fertilizer.

The 7,100 islands and inlets that make up the Philippines are formed by the peaks of a partly submerged mountain chain, says the National Geographic.

The Fair Again

Clifford Perras, the manager of the Upper Peninsula State Fair, is practicing his sun dance these days to assure the only thing that he says is needed to make a good fair — good weather on Aug. 15-20.

The Fair suggested to Delta County merchants that they close for the afternoon on Governor's Day to revive an old custom of local merchandisers' support — but they turned it down. The difficulty was described as an old one: the chain stores wouldn't close and the locally-owned businesses wouldn't close if the chains stayed open.

Maybe we have passed the time when store closings are helpful to the Fair, but the Fair needs friends and promoters, because it is operating in a changing period, and the Fair management thinks that the Fair aids local retailing. The Fair parking lot fills up like magic on Friday nights in Fair Week after the stores close.

Governor Romney will be here for Governor's Day on Friday, Aug. 18, and will be honored at a luncheon at the Dells Supper Club before his appearance at the Fair.

Perras, who enjoyed his stint in the Legislature and who had P. T. Barnum as a boyhood idol, says that this is a very good year for fairs and the U.P. Expo, while not as large as Montreal's, will have several things that it lacks.

It will open with a pay-for-thrills razzamatazz on Monday and Tuesday nights, the RCA-sponsored Barnes Rodeo, Perras and Frank Bender of the Fair Board went to Wausau, Wis., last year to see this show and Perras describes it "as competitive; for prize money."

"It has a lot of saddle bums trailing along with it for the prize money, but anyone's welcome to try to ride the Brahma bulls and the bucking broncos. There was a barber from Manawa, Wis., who tried to ride a bull at Wausau and the bull horned him over a cyclone fence 10 feet high and the barber was never happier to get a lift out of trouble."

On successive days: the combo battle of the bands for prize money on Wednesday night; the Junior and 4-H cattle, style and horse shows Thursday afternoon; Connie Smith and her Country Western troupe Thursday; the Northern Michigan University Camp Band and baton twirlers on Friday; a drum and bugle corps contest on Veterans Day, Saturday, with stock car racing at night and stock car racing again Sunday afternoon and the Lucky O'Hara Thrill Show in the evening, along with fireworks.

The cattle judging starts on Wednesday and there'll be a big show under Michigan State Department of Agriculture auspices. The Fair will have more horses this year than any time in recent years, says Perras. The Lansing squeeze cut out the money for blacktopping more of the midway, but the potato peeler pitchmen will do the best they can on what footing they can find.

There'll be \$27,000 in prize money and a new method of whack-up by which the Ag Department has zoned the U.P. to encourage entries. The early season audit indicates that the chow-chow, rye bread and button collection entries may not be better than last year, but that things will be hopping on the midway and at the grandstand and that the livestock sheds will be filled with farm kids in jeans who snicker when they're asked: "Where does the milk come from?"

Is Threat To Nixon

By BRUCE BLOSSAT

WASHINGTON (NEA) — Having met Gov. Ronald Reagan in California's Bohemian Grove, Richard M. Nixon may be said fairly to have the "Reagan problem" still looming in his presidential path.

As of now, Reagan's name is likely to be entered in three of the four major 1968 presidential primaries in which Nixon must contest Gov. George Romney of Michigan and perhaps others for the GOP presidential nomination.

The three are Wisconsin (30 delegate votes), Nebraska (16) and Oregon (16), all of which are all-candidate affairs where in state officials enter the names of those persons whom they deem to be legitimate national candidates.

To avoid inclusion in such a list, a man must declare in writing that he is not a candidate at all. Since Reagan plans to be California's favorite son in 1968, he said months ago he could not in conscience make such a declaration.

For Nixon, of course, this raises the obvious threat of a divided conservative vote that might hurt him severely in tests against Romney.

Friends say, however, that he did not touch this subject in his Bohemian Grove conversations with Reagan. Nor, it is said, did he articulate for the governor what must be one of Nixon's most crucial hopes — that, under favorable circumstances for his candidacy, he might inherit most of the 86 delegate votes which California initially will pledge to Reagan as favorite son.

Nixon may well believe he made quiet points in this direction with his cordial talks with Reagan. The meeting gave each man a chance to measure the other at close range, and to gauge whether or not either seeks to undercut the other.

To judge from friends' reports of the confrontation, the two men evidently are satisfied, at least for the moment, that no such efforts are being generated by either camp.

They do believe, however, that attempts are being made to divide them and to stimulate feuding generally in the Republican party. They agreed that they and others must resist stoutly all such undertakings by unnamed other persons or groups within or outside the GOP.

This reporter noted in an earlier account that Nixon aides profess concern over what they consider a rash of planted stories allegedly damaging to the Nixon cause.

One of the newest of these is a report that Nixon men are supposed to have said, "We'll leave the kooks to Ronnie" in the coming campaign. Nixon sources deny anyone in his camp made that comment.

Nixon's friends seem to be convinced that he and Reagan were in genuine agreement that reports of this nature are the work of persons bent on disrupting the Republican party—not to mention its conservative wing in particular.

Evidently the Nixon-Reagan meeting featured an overlay of "party unity" talk of the sort which so often marks high-level Republican conversations. It may have been invested with a little more steam this time, since both men are acting from the expressed assumption that the 1968 GOP nominee will have a strong chance to be elected. Nixon has been moving for weeks as a man determined not to open gaping party wounds anywhere.

Yet, notwithstanding the "constructive" conversations at Bohemian Grove in praise of unity and distress over moves to stir feud, Richard Nixon still has to wonder seriously how much Ronald Reagan can hurt him in 1968 in Wisconsin, Nebraska and Oregon.

Detroit Courts Plan Overtime

DETROIT (AP) — Detroit Recorder's Criminal Court announced that it will operate from 9 a.m. to 9 p.m. during August to handle cases growing out of the Motor City's racial disturbances.

The clerk's office will be open from 8:30 a.m. to 9 p.m., the court said, and judges will call cases for trial at 9 a.m. and 3 p.m. On Sundays arrangements will be conducted between noon and 2 p.m.

All felony trials, the court said, will be suspended until Aug. 14, at which time the normal calendar call will be resumed on a 9 a.m. to 3 p.m. basis.

New Mecca

ED VALTMAN, HARTFORD TIMES

Hudson Manager Sees Sharper State Buying

Retail sales in Michigan will increase by 75 to 100 per cent or more in the next 15 years, one of the state's top retailers predicts.

Frank A. Colombo, executive vice president and general manager of the J. L. Hudson Co., Detroit, says the greatest rates of increase are expected in Ann Arbor, Lansing, Flint, Kalamazoo and Macomb County in the Detroit complex.

Colombo foresees no revolutionary changes in retail merchandising or consumer habits during the next 15 years. He does expect an intensification of present trends toward suburban shopping centers, mergers and concentrations of retail businesses, and renovation of central business districts. He anticipates many large shopping centers.

services, travel, entertainment, education, insurance and government." Consumers will be younger and more sophisticated, and "will expect more merchandise and services to meet their individual needs." Meanwhile, retailers' operating costs have been rising since 1951, Colombo adds.

Colombo offers suggestions for combating these problems. Retail stores can expand products and services to win a larger share of the consumer's disposable income. They can aid the national effort to improve transportation, parking and shopping hours.

The next 15 years, he predicts, will see greater efforts to make central business districts accessible and attractive to both shoppers and those seeking entertainment or cultural activities.

"Goods and services will cater to working women who want to dress well, serve appetizing meals and keep up their homes with a minimum of time and effort," the author adds. "Automation and use of computers will reduce operational costs and help carry out

research on consumers' changing tastes."

Colombo does not foresee much expansion of self-service techniques in department stores and predicts, therefore, that job opportunities in retailing will continue to be important, particularly for sales and clerical people and for those handling goods and servicing equipment.

The outlook for the consumer, in Colombo's view, is good. "The use of electronic data processing for marketing research and inventory control make it easier for customers to find what they want." Stores in the future will work to make retail shopping convenient and pleasant, he adds.

"The fact that in 1950 Michigan people spent more than 70 per cent of their disposable income in retail stores compared to a little more than 57 per cent in 1965, makes it evident that retail merchants will do all they can in the next 15 years to improve this figure," Colombo says, in a new book published by the Bureau of Business Research of the University of Michigan, "Energy and the Michigan Economy."

CONGRESS
The United States is no longer a major maritime power in the world. Our fleet has shrunk to one-fifth its former size and American shipping is in a sad state of disarray.

The Merchant Marine and Fisheries Committee, of which I am a member, is responsible for maritime legislation. I feel the decline of our shipping industry is dangerous to our military posture in a time of national crisis and represents a real threat to our economic security.

Just 20 years ago, we were the world's leader in shipbuilding. At the start of this year we were in 14th place among the 15 leading shipbuilding nations. As of right now, we're not even in the top 15—we're 18th.

Along with several of my colleagues, I have introduced a bill, H. R. 7254, to establish an independent Maritime Administration in the U.S. Government. The Administration is now under the Department of Commerce which has failed to encourage the development of a first-class merchant marine. I strongly feel that an independent Maritime Administration is the best organizational form for incorporating the single-mindedness of purpose and flexibility necessary for the development of a meaningful program of ship construction, of cargo preference, and of operating assistance so that we can get back up there as a world maritime power again.

If Congress enacts legislation to establish the Maritime Administration as an independent agency in the executive branch, we will take a major step in regaining our lost lead over the Soviet Union and a host of other nations, so that we can re-establish the United States as a major power on the seven seas.

Philip E. Ruppe
Congressman

People, Events Of Yesteryears

From the File of the Escanaba Daily Press

25 Years Ago
Three Escanaba residents — Thaxter Shaw, Dr. K. F. Harrington, and Clarence Zerbel — attended the 24th annual convention of the Wisconsin Upper Michigan district of Kiwanis International held in Racine.

50 Years Ago
Physicians representing practically every county in the Upper Peninsula were in attendance today at the opening session of the Upper Peninsula Medical Society. Lectures by two surgeons of the Peninsula highlighted the first session.

60 Years Ago
Arol Beck, son of Mr. and Mrs. F. O. Beck, of Escanaba, has accepted a position as airway traffic controller at Atlanta, Ga., for the Civil Aeronautics Authority.

Questions And Answers

Q—Why is Timothy grass so called?
A—The plant was named in honor of Timothy Hanson, who is said to have introduced the grass into the Carolinas about 1720.

Q—How many stone blocks are estimated to have been used in building the Great Pyramid of El Giza?
A—The pyramid contains over 2.3 million blocks, each weighing 2½ tons.

Q—Who gave the "hot dog" its name?
A—The corner of the name was T. A. Dorgan, a well-known sports cartoonist who signed his work "Tad." The first recorded appearance of the term was in 1903.

The highest temperature of 90 degrees while the lowest was 45, according to the monthly meteorological summary. The highest temperature was registered on July 30, and the lowest of July 3. Thunder storms were recorded more often than usual, a total of 11 days for the month.

Pick Postmaster For Ironwood

WASHINGTON (AP) — President plans to submit to the Senate nominations for five Michigan postmasterships, the White House announced. They are: Margaret E. Powell at Idlewild; Richard C. Michales, Ironwood; Edward G. Schnepf, Owadale; Leonard A. Yaroch, Port Austin; and Elwood J. Grubb, Wixom.

Win At Bridge

by Jacoby & Son

Reading A Hand Without Seeing It

on North's diamonds. One way to get them would be to play the ace-king and a third diamond. This play would work if the queen dropped on those three leads. The other line of play would be to take a diamond finesse. That play would work if West held the queen of diamonds. Mathematically, the plays were about equal but South had some bidding to consider. East had bid four hearts and the play indicated that he held eight hearts to his partner's two. Each had followed to one spade so that nine East cards and three West cards had been accounted for.

It appeared most likely that East would be quite short in diamonds. Then South knew a little about East's style. He had bid four hearts without the king or jack and with a loser in spades. It was very likely that he held only one diamond. This made the odds favor the finesse. South thought awhile longer to work out an alibi if his play went wrong, led a diamond, played dummy's jack and claimed his slam to a chorus of "Well played" from his partner and "lucky stiff" from his opponents.

He played the jack of hearts from dummy to start with. East probably held both ace and queen but certainly held the ace so that the king play would be hopeless. East did hold both ace and queen and continued the suit after winning the first trick.

South ruffed and led out his ace of spades. When both opponents followed to that trick he stopped to consider the rest of the play.

He needed two club discards. **Q—The bidding has been:**
West North East South

HOW GOD CREATED THE EARTH is told in song by the Camp Harstad children, with Robin Holmes leading them in the several verses. The song was part of the program

presented by the young campers for visiting Rotarians, who talked with the youngsters and observed them in their activities and projects. (Daily Press Photo)

'Handicapped Child' Has New Meaning For Rotary

By CLINT DUNATHAN
Thanks to the marvels of preventive medicine there are fewer children with polio and other crippling handicaps, and because of this Rotary Camp Harstad's summertime camping program on the Ford River shore has taken on a new dimension.

This was explained by Clarence Moore, physical therapist and director of Camp Harstad, to the Rotarians when they made their annual luncheon visit to the camp on Tuesday. There has been in other years and average of about 32 children attending the camp, which was established about 25 years ago. At first the children were housed in tents and then the first buildings of the day camp were constructed in 1949.

Fewer Crippled
Through the years the camp has proved of enormous benefit in providing therapy and recreation for handicapped youngsters from the Escanaba

area. More recently, however, the number of crippled and physically handicapped children has declined.

The child with an emotional disturbance, the "underprivileged" and the socially handicapped have been brought into the program in recognition of their needs and of the special benefits that come to them through the helpful group experience of the day camp.

There are other factors as well that have reduced the number of children with physical handicaps attending Rotary Camp Harstad, Moore added.

Camp Improved
One of these is the growing program of assistance to the crippled and handicapped in the public school program. Speech correction, for example, is now basically a school program and there is no speech correction at Camp Harstad this year, Moore reported.

Ralph Kaziateck, Rotary

Club president, presided at the meeting at Camp Harstad, and Art Westby, chairman of the crippled children's committee, reported on the improvements made at the camp in the past year. Other members of the committee are Warren Morrison, Robert Haack, Guy Knutson, Don Yost, Cyrus Griffith and Arthur Slaughter.

Additional lighting at the beach and on the roadway, erection of colorful totem poles, a gill, new paint, and other improvements have been made, Westby said.

The camp staff besides Moore includes Henry Wylie, assistant director; Mrs. Ann Brazeau, cook; Jim Moore and Gregg Johnson, senior counselors; Jeanne Finlan and Ann Schmidt, junior counselors.

Swimming Popular
Moore reported that the season thus far at Camp Harstad has been a bit chilly weather-wise and that alewife cluttered the beach for a time. But the

water is not contaminated, the dead fish have been cleared away and the swimming program continues for the children as one of the most healthful and popular pastimes.

Other camp programs include arts and crafts, when the children make and decorate a variety of objects. The older boys are making wren houses and these the children will take home with them.

The camp has received the benefit of contributions from many sources and is largely supported through gifts from Rotarians and memorials from their friends. It was constructed on land donated by the late Ole Harstad, Bark River businessman, with the help of union members, business and professional men.

In 1915, there were 21 million horses in the United States; their number had dwindled to two million by 1960.

Canada Rebuffs DeGaulle Again

OTTAWA (AP) — Prime Minister Lester Pearson, in a terse reply to French President Charles de Gaulle's second call for the liberation of French-speaking Canada, says outside intervention in Canadian affairs is still "unacceptable."

State Boy Held In Canada Killing

LONDON, Ont. (AP) — A 14-year-old New Haven, Mich., boy is being held by Ontario police for questioning in the shotgun slaying of a 74-year-old London man. Police refused to further identify the boy. The body of George Shaver, 74, was found Monday near London where he apparently had been fishing.

"The government of Canada has noted the statement by the president of the French republic regarding his recent visit to Canada," Pearson's statement Tuesday night said in reference to a communique issued by De Gaulle Monday.

"It has already made its position clear on the unacceptability of any outside interference in Canadian affairs and has nothing to add in the present circumstances."

After a Cabinet meeting Monday De Gaulle issued a statement saying that during his tour of Quebec last week he observed the French Canadians' will "to be masters of themselves in all respects, and especially to be-

come masters of their own progress."

France, said De Gaulle, means to aid the French Canadians "to reach their objectives of liberations which they themselves have fixed."

Pearson last week pinned the "unacceptable" tag on De Gaulle's trumpeting of a "long live Quebec," the rallying cry of the French Canadian minority which wants to separate Quebec from the English-speaking provinces of Canada. Angered by Pearson's statement, De Gaulle cancelled a visit to Ottawa and returned home.

"It is hoped by the Canadian government that this whole silly situation will boil down," said a

source close to Pearson. Politically the separatists, a noisy minority of Quebec's 5.7 million residents, have made little headway.

Freight Train Given Ticket

SALT LAKE CITY (AP) — Not even freight trains escape Salt Lake City traffic speed limits.

Wallace Rosander, a Denver and Rio Grande Western Railroad engineer is charged in Municipal Court with operating a locomotive 35 miles an hour in a 25 mile an hour zone. The tracks run down the middle of a city street.

Battlewagon Is Ordered Ready For Duty In War

WASHINGTON (AP) — Rising aircraft losses over North Vietnam figured heavily in Defense Secretary Robert S. McNamara's decision to order up the battleship New Jersey for war duty, Pentagon sources say.

Officers estimated the 45,000-ton battlewagon, a naval behemoth of another era, may be able to do the work of roughly 50 planes a day, thus cutting down the number of U.S. aircraft exposed to Communist fire.

To date the United States has lost more than 625 planes over

the North in attacks against the same kinds of targets the New Jersey will be able to bombard with 1,900-pound shells—bridges, highways, supply dumps and defensive installations.

The battleship has enough armor to allow it to wade into the heaviest enemy gunfire currently in use along North Vietnam's coast. These include five-inch equivalent weapons capable of sinking such lesser ships as destroyers.

OKs Demobbing
McNamara approved Tuesday the Navy's recommendation to pull the New Jersey out of mothballs at the Philadelphia Naval Shipyard and add her 16-inch guns to Seventh Fleet forces now operating in the Gulf of Tonkin.

The Pentagon estimated it would take 9 or 10 months to get the 887-foot ship ready for its shakedown phase, which probably will be taken care of en route to Vietnam. Shakedown involves special crew training and test firing of the battleship's nine 16-inch and 20 5-inch guns.

Price of the reactivation was placed at \$27 million, and sources estimated it would take \$12.5 million annually to operate the battleship with an abbreviated crew of 1,400 enlisted men and 70 officers. A full complement would be 2,700 men.

Useful At DMZ
Adm. Moorer said the battleship may prove most useful in battering such targets as concrete and steel reinforced bunkers and artillery emplacements near the so-called Demilitarized Zone.

"No one will quarrel with the fact that a 16-inch shell is impressive—particularly those who listen to them whistle by," Moorer said in an interview a few hours after he was sworn in to succeed Adm. David L. McDonald.

The main advantage of the battleship, in addition to its heavier shells, is the long firing range. The New Jersey can stand six miles out and hit targets 15 miles inland. Cruisers operating at that distance to avoid hostile fire have five miles less range with smaller eight-inch guns.

Briefly Told

Marriage license applications have been made at the County Clerk's office by Michael Lauzon, 308 S. 8th St., and Joanne Marie Nemmer, 1701 Montana Ave., Gladstone; Michael Philip Trego, Dayton, O., and Donna Margaret Bourque, 409 S. 17th St., and by Samuel David Boyer, Box 177, Rapid River, and Carol Grace Lee, 410 2nd Ave., S.

Steven B. Caucutt, Rte. 1, Jefferson, Wis., and Nicholas A. Srock, 219 S. 18th St., were ticketed by Escanaba police Tuesday for competitive driving.

A car driven by Richard D. West, West Milton, O., struck a deer on US-2-41 about 10 a.m. today. Delta County Sheriff's officers reported.

Theft of money from a telephone booth at 1st Ave. S., and S. 10th St., is under investigation by Escanaba police. The coin box was pried, officers said. Police also are checking a report by Richard Mattson, Old State Rd., that someone entered his home Tuesday and took \$8 from his wife's purse.

THE VIRGINIA WHITE TAIL DEER is the most popular big game animal in America. It attains its greatest size in the Upper Peninsula of Michigan. Here's a splendid example of a male white tail in its U. P. setting. Now in velvet antlers the deer become legal prey for archers in October and riflemen in November. (Conservation Department Photo)

Menominee Hunting Called Neglected

Menominee County is divided into two zones which are more distinctive in character than most county divisions in the Upper Peninsula, says Ivan Thomson, game supervisor for the Conservation Department District which includes Menominee, Dickinson and Iron counties.

The county is divided by US-2 which runs across the middle. The north half is mainly wild lands with occasional farms along principal roads and the hunter looking for wilderness type outing will probably choose this area. The winters are usually more severe and a little longer in this northern zone. The southern zone is more broken with farm lands and winters are milder and shorter. This part of the county produces greater abundance and greater variety of wildlife.

Deer Plentiful
The deer is king of the animal's wildlife. Deer populations are extremely high in many parts of the south half of the county, says Thomson and have in fact reached the "eruption stage."

Thomson explains "This means that when the deer population is high there are greater numbers of does producing ever larger fawn crops. The hunting season does not keep up with this additional annual production of year. This may appear to be an ideal situation to deer hunters, but it has serious implications for the future."

"The herd continued to expand until the winter food supply is depleted. Then the herd will go down. This has already happened in that part of the county north of US-2, the Chalk Hills area, and in part of the old Cedar River Tract. At present deer hunters have excellent hunting. Hunting pressure is actually rather light. Downstate and outstate hunters seem to prefer the wilder areas of the Upper Peninsula."

Many Bears
Thomson says that Menominee County could stand more bear hunting than it is getting at present. "Black bear num-

bers remain rather constant from year to year," he said. "In more recent years the black bear has gained status as a big game animal and become more important as a source of hunting and recreation, but hunting pressure is light except in the deer season, when most of the bears are hibernating."

Turkeys

Menominee County is unique in the Upper Peninsula in offering the having the only wild turkey flock. The turkeys were introduced by the Conservation Department in March of 1965 with release of trapped Lower Michigan wild stock and have taken up permanent residence.

The 20 turkeys of the original release were freed in the Shaker Lakes area of southern Menominee County west of Stephenson. A few broods of poult were raised that summer and by spring of 1966 there was a good breeding flock in the area.

Greater numbers of broods were seen in the summer and fall of 1966 and it became evident that these birds have found a home in Menominee County, said Ivan Thomson.

"The past winter was one of the most severe in many years in this area, but the turkeys came through the winter well and without the help of artificial feeding. People in the area have shown an exceptional enthusiasm for turkeys and the planting is really a community project with the Conservation Department depending on the local report to report broods and flocks seen. In the spring of 1967 there were 50 to 60 known birds in the area."

Menominee County's ruffed grouse populations are cyclic and on the down side of the cycle at present. The county will furnish these birds in abundance on the cycle upswing with hunting pretty much confined to local nirvana. The county has an abundance of gray squirrels, an unusual

specie for the Upper Peninsula. "Died-in-the-wool squirrel hunters are few and far between," says Thomson "so much recreational potential furnished by this fine game animal goes begging."

Hunting Light
Raccoons are abundant in most years south of US-2 and this area could be a coon hunters' paradise. Thomson thinks, but for whatever reason coon hunting has never caught on in the county.

Snowshoe hares and cottontail rabbits are cyclic like grouse and have been rather plentiful for the last three or four years but hunting pressure has been light.

Woodcock are abundant and they are one of the finest of game birds but only a few county hunters are equipped with dogs to take advantage of this sport. Much more hunting could be done on the doodlebugs.

Duck Hunting
Waterfowl hunting is a favorite sport in Menominee County with its marshes producing fairly good hatches. Local nesting ducks are mainly gray, mallard, teal, black ducks, wood ducks and mergansers. The area is well located on flight lines and hunters enjoy better than average success but pressure is still light.

The county produces fur bearers including mink, muskrat and beaver but trapping for a living is only a memory. Most trapping is for recreation and the price of fur remains rather low. Mink and muskrat are lightly trapped, beaver are kept under control to check floodings.

Timber Volume 2nd Highest In Hiawatha Forest

The volume of timber cut on the Hiawatha National Forest in fiscal year 1967 is the second highest in the history of the Forest according to Forest Supervisor Al Trout, a total of 74,000 cords of timber products was cut from government timber sale areas by about 160 independent timber operators.

Demand for wood products vary from year to year, as business demands create a ready market for the different kinds of wood products in individual areas.

Total sawlog cut amounted to about the same as last year — two million feet. Hardwood sawlogs experienced a good market and showed about a 15 per cent increase over last year's cut. In pulpwood material, spruce, balsam and hardwoods showed only a slight difference from last year. Aspen pulpwood production increased 17 per cent from last year, while pine decreased about 8 per cent. Cedar products showed a 43 per cent increase from year-ago figures.

Humphrey Speaks In Detroit Today

DETROIT (AP) — Vice President Hubert Humphrey arrives in Detroit this afternoon to deliver what his aides have termed "a major policy address on the crisis in the cities" at the National Association of Counties Convention in Cobo Hall.

Humphrey will leave immediately after addressing the closing banquet of the convention, Detroit police say.

Humphrey spoke on the same subject Monday in Boston at the National Congress of Cities, attacking Congress for delays in approving urban and poverty programs.

Name Schmeltzer To Dean's List

Thomas R. Schmeltzer, 20, son of Mr. and Mrs. Richard Schmeltzer, 5 N. 4th St., Wells, has been named to the Dean's List for the spring semester at Northern Michigan University with a perfect 4.0 grade point average based on the scale of 4 for A, 3 for B, etc.

A 1965 graduate of Escanaba Area High School, Schmeltzer also chosen for listing in the publication "Who's Who Among Students in American Universities and Colleges." He was the recipient of an Anna C. Norton scholarship when he graduated from high school. At Northern, he is majoring in math and is a member of the NMU Jazz Band.

Killed In Vietnam

WASHINGTON (AP) — Cpl. Thomas L. Keirns of Jackson, Mich., was among 11 men listed Tuesday by the Defense Department as having been killed in action in Vietnam. A soldier, he was the son of Mr. and Mrs.

Mobile X-Ray Schedule Set

The schedule of visits of the mobile x-ray unit and health department personnel for diabetic screening tests in Delta and Menominee counties was announced today.

Location, dates and times are:
Rock School, 2 to 6 p.m. Tuesday, Aug. 8;
Gladstone City Hall, 11 a.m. to 2 p.m. and 3 p.m. to 7 p.m. Wednesday, Aug. 9;
Escanaba Health Dept., 11 a.m. to 2 p.m. and 3 p.m. to 7 p.m. Thursday, Aug. 10; 11 a.m. to 3 p.m. and 4 p.m. to 8 p.m. Friday, Aug. 11, and 8 a.m. to noon and 1 p.m. to 5 p.m. Monday, Aug. 14;
Powers School, 11 a.m. to 2 p.m. and 3 p.m. to 7 p.m. Tuesday, Aug. 15;
Stephenson School, 11 a.m. to 2 p.m. and 3 p.m. to 7 p.m. Wednesday, Aug. 16;
Menominee Court House, 8 a.m. to noon and 1 p.m. to 4 p.m. Thursday and Friday, Aug. 17-18.

S. Ford River Cabin Entered

A breaking and entering at a cottage at south Ford River owned by Frank Langrick, Chicago, Ill., is under investigation by Delta County Sheriff's officers.

Sheriff Harold Finman said the cottage also was damaged maliciously. Lamp cords were cut, nearly starting a fire, and walls smeared with oleo. A skill saw was among items missing.

Persons eligible for the x-ray and blood test are: tuberculin reactors about 18 years of age; adult contacts (above 18 years of age) whether or not they are tuberculin reactors; followup on adults earlier identified as contacts who have previous negative x-ray films; employees of nursing homes and homes for the aged (16 years of age and over); private physician referrals (by written request); and school personnel, beauticians, barbers (any age).

Obituary

THOMAS J. BEAUCHAMP
Funeral services for Thomas J. Beauchamp were held at 10 a.m. today at St. Thomas Church with Fr. Arnold Thompson officiating. Burial was in Holy Cross Cemetery. Pallbearers were Henry Moras, James Murphy, Russell and Charles Cheverette, and Arthur and Donald Derusha.

PALLBEARERS Tuesday carry the tiny casket of Tanya Blanding, 4, a victim of last week's Detroit riots. The girl was killed as a hail of police and National Guard bullets swept an apartment building where she huddled on the

floor. Officials said the flare of a match used to light a cigarette was mistaken for the flash of a sniper's gun. (AP Wirephoto)

Fishing Licenses Hiked On Dec. 1

LANSING (AP) — Michigan fishermen are enjoying the last season of their sport at bargain rates.

The cost of fishing licenses, by legislative edict, is due to go up as of Dec. 1. The date was selected because some fishermen, like some auto owners, want to get their licenses early.

Resident fishing licenses will be upped from \$2 to \$3. Instead of the annual \$2 trout stamp,

there will be a \$2 special license covering both trout and salmon.

Resident fishing licenses will be upped from \$2 to \$3. Instead of the annual \$2 trout stamp,

The Conservation Department will be printing up some new license forms this year.

For the first time, residents will be able to buy a seven-day license covering all species of fish for \$4.

A special \$1 one-day license will be available for trout and salmon fishing in the great lakes.

Youngsters under 17 still can fish free in Michigan. Michigan residents 65 and over will be able to buy a special license costing only 50 cents and covering all species of fish.

Nonresidents will pay \$6 for their regular fishing license and \$3 for a special trout and salmon license.

A nonresident seven-day license covering all species of fish will cost \$5. Like residents, they can purchase a special \$1 one-day license for fish and salmon in the Great Lakes.

Purpose of the special license is to encourage vacationers to take a fling at sports fishing.

The Great Lakes sports fishing, it is hoped, will become a major tourist attraction.

This all hinges, of course, on the lake trout making a strong return and the salmon taking hold as well as Conservation Department fish experts anticipate.

Tax Collection In July Higher

LANSING (AP) — State sales and use tax collections in July on June business were up 5.3 per cent over the same month last year, reports the State Revenue Department.

Collections for the month totaled \$60.58 million, an increase of \$2.03 million over the same month last year.

The department said all but \$200,000 of the increase came from nonautomotive business.

The Legislature, in fixing its revenue estimates for the 1967-68 fiscal year, had estimated the collections would increase 7.5 per cent.

Clarence Lock, state revenue director, said it was too early, on the basis of one month of the fiscal year, to predict if the estimate would be met.

The Detroit riots, he said, will hurt collections for the current month.

"We get about \$400,000 a day from sales tax collections out of Detroit," Lock observed. "There were two or three days business was almost completely lost. There was not much business done in downtown Detroit during the entire week."

"Some of it will be picked up later," Lock said. "But some of it is gone forever."

Hike Water Cost

DETROIT (AP) — The 3.5 million people in 67 southeastern Michigan communities served by Detroit's water system will be paying \$2.50 more per year for their water, Detroit's Water Board has announced.

The price boost, to go into effect Nov. 1, was recommended by a consulting firm which has been studying Detroit's water system.

The extra revenue of \$3.6 million a year will be used for capital improvements, the board said.

No Cupids, They Use Bow, Arrow

CHEADLE, England (AP) — Police are hunting for a gang of thieves who hold up lovers with a bow and arrow.

They sneak up on couples courting in parked cars at a local beauty spot, point their bows and arrows through the windows and demand money.

Most victims have been too embarrassed to complain. But two reported they had to hand over \$8.40.

THE LARGEST lake trout caught from Lake Superior so far this year was taken by John Lauscher, 15, the son of Mr. and Mrs. Lester Lauscher of Hermansville. The youth was a member of a party composed of his father, Robert Meints of Powers, Lester, Eddy Arnold and Girard Murray of Hermansville that caught 20 trout weighing more than 60 pounds in total on Sunday. John's trout was 33 inches long and weighed over 12 pounds.

Nahma

Mr. and Mrs. Barry Fues and children of Barrington, Ill., are spending a vacation in Nahma.

Mrs. Richard Reams traveled to Gulliver Sunday and visited at the home of Mr. and Mrs. Jack Tobin and family.

Mr. and Mrs. Joe Labadie and daughter Mary and son Joey returned Sunday from New Berlin, Wis., where they visited at the home of their daughter, Mr. and Mrs. Robert Bourdeau and family.

Mrs. Ed Lund of Elgin, Ill., and Mrs. Anna Schlaefli of Hampshire, Ill., spent Monday in Nahma visiting friends and relatives. They are former residents of Nahma.

Mr. and Mrs. Jim James and Mrs. Frank James are spending their vacation at the home of Mr. and Mrs. Maurice LaVigne.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. Women's Activities

Gladys Aguirre Bride Of Raymond Boutilier

Airman IC and Mrs. Raymond G. Boutilier are at home near George Air Force Base in California after their wedding at the home of his parents, Mr. and Mrs. Walter E. Johnson, 402 Minnesota Ave., Sunday, July 2, at 3:30 p.m.

The bride, the former Gladys Aguirre, of Quito, Ecuador, South America, wore a pink dress for her wedding and carried a bouquet of pink roses.

Mrs. Sherry Bugniet, of Skokie, Ill., was the matron of honor and she wore a pale green dress and carried an arrangement of assorted summer flowers. Francis Bovin of Gladstone served as best man.

A reception immediately after the ceremony was held in the basement of the Johnson home and decorations were in pink and white. The wedding cake, made and decorated by relatives from California, was served by Janet Morey.

The bridegroom graduated from Gladstone High School in 1962 and served in the U.S. Marines for four years, being discharged in November, 1966. In February of this year he enlisted in the Air Force and was stationed as a security guard at the U.S. Embassy in Buenos Aires, Argentina and in Quito, Ecuador where he met his bride.

Guests from Skokie, Chicago, Anaheim, North Sacramento, Sambaugh, Mount Pleasant, Escanaba and Wells attended the wedding.

Church Events

Central Methodist
There will be a regular meeting of the Central Methodist WSCS at 2:30 p.m. Thursday at the church. The program for the day will consist of the youth of the church speaking on their camp activities.

First Methodist
Thursday, Aug. 3, 2 p.m.—General meeting of the WSCS at the church. Melody Circle members will be the hostesses and program helps and ideas for the coming year will be discussed.

Central Methodist
Thursday, Aug. 3, 2:30 p.m.—Monthly meeting of the WSCS.

Perkins

Mr. and Mrs. Carl Boomer and family of Fairchild, Mich., are visiting at the R. Royers. Mr. and Mrs. Edward Delke and family of Oxford, Mich., visited recently with Mr. and Mrs. George Carroll.

Mr. and Mrs. Bernard LeClair and daughter of Clarkston, Mich., visited with her parents, Mr. and Mrs. Louis Nelson of Rock.

Mr. and Mrs. Lawrence Fournier and daughter of Oscoda, Ark., visited with Mr. and Mrs. Ernest Branstrom and Mr. and Mrs. Delbert Johnson.

Mr. and Mrs. George Fournier of Elkhardt Ind., visited with Mr. and Mrs. Ernest Branstrom and other relatives in Rock.

Ensigners Enter Camp Competition

Fourteen Ensigners 4-H members are attending Camp Shaw, Chatham, this week. The 4-H'ers left Rapid River Tuesday morning and will return on Thursday afternoon. The 14 will enter competition in several activities to qualify for 4-H State Show held at Michigan State University, East Lansing, Aug. 22-25.

Ensigner participants and their activities are as follows: Don Dominick, rifle; Bob Gibbons, archery, demonstration, public speaking; Judy Hansen, demonstration; Jane LaCrosse, chorus; rifle; Darryl Lindquist, archery; Carolyn Nelson, rifle, vegetable judging; Mark Nelson, archery, rifle; Linda Norlander, chorus, rifle; Regina Olson, demonstration.

Dannette Peterson, demonstration; Donna Rasmussen, demonstration; Dan Safford, archery, land judging, rifle; Clint Safford, archery, land judging, public speaking, rifle; Tom Safford, archery, land judging, rifle.

Thirteen are senior high students at Rapid River High School and Mark Nelson is a 1967 Rapid River High graduate. Mrs. Frank J. Lundberg, Ensigner organization leader, is attending the session today.

Isabella

Guests at the home of Mrs. Eugene Bonifas include her daughter, Mrs. N. Olmsted, Paula and Steven of Detroit, Mrs. Beatrice Airside of Drummond, Wis., Mrs. Mar McCay and Miss Dorothy Ford of Wausau, Wis.

Mrs. John Moberg of Berkley, Mich., Mrs. All Asplund, Darlene and Darrell of Cumard are visiting at the home of their parents, the Arvid Sundins.

Mrs. Richard Morrison, Tina and Monty are visiting at the home of Mrs. M. Lombardi and infant son at Mount Pleasant.

Annual Picnic

The annual farm bureau picnic held Sunday at the Stonington Park was well attended. Various games were played under the direction of Clayton Ford and Mrs. Lowell Steff. A smorgasbord luncheon was served at noon.

NECTARINE TIP

Use a grapefruit knife to remove the pit from the clingstone varieties of fresh nectarines.

HERE ARE TWO OF Paris fashion designer Jacques Esterel's creations from his autumn-winter collection displayed recently in the French capital. At left is black and white heringbone trousers-skirt spangled with gold. The other is an Aristide Bruant like cape of black serge with a velvet hat and elastic "cat boots." (AP Wirephoto)

Argentine Students Visit With Ensigners

Two exchange students from Argentina visited with Ensigner 4-H members recently. Anna Marie Perrone and Cody Serra of Buenos Aires, Argentina, are students at Michigan State University, East Lansing. They were guests of Ingrid Tervonen of Escanaba, Delta County home economist, while visiting in this area.

The Argentine visitors met with Mrs. Frank J. Lundberg's foods-nutrition project members at the home of Mrs. Richard Peterson of Ensign. Foods of both countries and each nation's eating habits were discussed.

Demonstrations were presented by project members, Donna Rasmussen, Dannette Peterson, Judy Hansen, and Regina Olson. Other project members are Jean Novak, Carolyn Nelson, Carol Holmblad, Ruth Olson, Kathy Johnson, and Lanna Norlander.

Afternoon guests were Ruth Ann Holmblad of Chicago and Acta Sarasin of Gladstone.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Hints from Heloise

Dear Heloise:
Did you know that sliced leftover baked potatoes are very good when fried?
I bake the smaller potatoes and use them just for frying—they're easier to peel.
Pat. S.

Dear Heloise:
When starting seedlings that are hard to grow outside, plant your seeds in a shallow container and cover the container and all with plastic wrap.

The plastic acts as a little greenhouse. The plants can be easily seen and fed at the proper time, transferred to other containers or to the ground itself.
Alice Harter

Letter Of Laughter

Dear Heloise:
I won't worry about it ALL today. I may even put some of it off until next week.
Elaine

Dear Heloise:
I used to be able to cook scalloped potatoes quite well, but now it seems everytime I cook them the milk curdles.

Could you or one of your readers tell me what I may be doing wrong?
P. Person

Come on, Gals, let's hear from you. What is your best way to fix them? Write to us in care of this paper.
Heloise

Dear Heloise:
A hint from a more male reader:

When removing the label from a glass jar or bottle you want to save, don't run hot water on the glue left after the label is pulled off.

Run ice cold water on the glue and it will crack right off like ice.
Robert Koch

Scuse us for doubting that this hint would work? We peeled the labels off three bottles, then laid them on a shallow pan of ice water. After a few minutes the glue flaked off with a couple of flicks of the fingernail.

Rubbing an ice cube over the glue also worked, but it takes more time and energy. We ran hot water over the

MISS LYNDA Louise Vandermussen became the bride of William Raymond Elliott during a double ring ceremony performed Saturday, July 15, at St. George's Church in Bark River. Following a honeymoon trip through Michigan, the newlyweds are now at home in Streator, Ill.

rubber-based glue and it got gummy, smeared and would not come off.

Our thanks to you, Mr. Koch, for this "cracking idea."

Dear Heloise:

As a bachelor I would like to invade your column and perhaps help some housewives. Men who lose a button on a coat sleeve sometimes find it impossible to find a match, besides all the trouble they have to go to looking for one.

When I lose a button, I just remove one from the opposite sleeve. Style today does not demand that we have so many buttons anyway.

I hope this helps.
Tom Addington

It will especially for us who don't have all four buttons.
Thanks, pal.
Heloise

Volunteer Firemen will meet at the Fire Hall at 7 p.m. today.

Kipling Man, 39, Held For Assault With A Firearm

A Kipling man was being held in the Delta County jail this morning awaiting arraignment on a charge of assault with a firearm after he was arrested by State Police Tuesday night.

Officers said Bernard A. Wils, 39, probably would be arraigned this afternoon. Wils was arrested about 7 p.m. Police said Gladstone taxi driver James McKnight picked up Wils at a Kipling bar and drove him to his home in Kipling. When Wils came out from his home again, officers said, he was carrying a rifle and made threatening statements. Troopers said Wils was disarmed by someone who apparently knew him. The person was not identified.

Boyer, Colavito Provide Chisox With Plate Power

By The Associated Press

The Chicago White Sox gained the reputation as a good-pitch, no-hit team. But that was in their BBC era—Before Boyer and Colavito.

Ken Boyer, whose pinch hit single tied the game in Chicago's 4-2 victory over Cleveland Monday night, got a double and three singles in five times at bat and scored twice in the White Sox' 11-5 drubbing of the Indians Tuesday night.

Rocky Colavito, who won Monday's game with a two-run homer in the 10th inning, collected three singles in five times at bat, scored three runs and drove in one Tuesday night.

Since being acquired from the New York Mets July 22, Boyer has gone 14-for-31 for a .452 average, with four RBI. Colavito, picked up from Cleveland last Saturday, is 4-for-12 for a .333 mark, with three RBI.

Elsewhere in the American League Tuesday night, Boston lost 4-3 to Kansas City before beating the Athletics 8-3, Minnesota edged Washington 5-4, Detroit topped Baltimore 4-3 and New York trounced California 6-1.

Chicago nipped St. Louis 3-2, Cincinnati blanked Atlanta, 2-0, New York downed Houston 5-1, Philadelphia shaded Los Angeles 2-1 and San Francisco stopped Pittsburgh 3-1 in the National League.

The White Sox, who increased their league lead to 2½ games over second-place Boston, blew a 4-0 margin before breaking a 5-5 tie with six runs in the ninth inning.

Boyer doubled and, after pinch hitter Smokey Burgess walked, scored the go-ahead run on Colavito's single. Tom McCraw then doubled home a run, three more came in on Ron Hansen's bases loaded double, and finally tally crossed the plate on Walt Williams' triple.

Cleveland scored three times in the seventh off starter Gary Peters and tied the game with a pair on Lee May's single in the eighth off reliever Hoyt Wilhelm, who had driven in the Sox' fifth run with a single in the top of the inning.

Kansas City scored four times in the third inning on Bert Campaneris' three-run triple and Chuck Dobson survived a three-run homer by Car Yastrzemski, his 27th, in the sixth for the first-game victory over Boston.

Jim Lonborg, on pass from two week's active duty with the Army Reserve, ran his record to 15-4, with relief help, in the second game.

Boston wiped out a 3-0 Kansas City lead with four runs in the fifth inning. The fourth and the breaking run scored when Reggie Smith's pop fly dropped for a double as second baseman Donaldson and outfielders Rick Monday and Jim Gosger collided.

Donaldson was carried from the field, but suffered only a pulled muscle above his right knee.

Boston clinched the nightcap with four runs in the seventh, three coming on Mike Ryan's homer.

Tony Oliva tripled home two runs in a three-run first inning and Ted Uhlaender drove in two

with a two-out, bases-loaded single in the fifth for Minnesota's victory.

Dean Chance picked up his 13th victory against eight losses, but he needed relief help from Al Worthington when Washington scored twice in the

eight to pull to within one run

Earl Wilson, backed by solo homers from Don Wert and Bill Freehan and a two inning relief stint by Mike Marshall, made his record 14-8 for Detroit. Wert also drove in a run with a sacrifice fly.

Mel Stottlemyre broke a scoreless tie with a two-run single in the seventh inning when New York scored five times. The right-hander lost a shutout in the eighth when Jim Fregosi beat out an infield hit with the bases loaded.

WINNING SMILES brighten the day at the Pan American games. First Marion Lay, left, of Canada, broke the Pan Am games women's 200-meter freestyle record with a 2:16.4 in a trial heat. Then Pamela Kruse, right, of Pompano Beach, Fla., came right back to break Marion's record with 2:15.7. Easy come, easy go these days.

Swimmers Turn Spotlight Over To Other Stars

WINNIPEG (AP)—Uncle Sam's young band of swimmers and divers turned over the spotlight in the Pan-American Games to the other athletes today after hauling in a record bag of 28 championships in 33 events.

The swimming phenoms busted 11 of the 14 world records that were destroyed in a fantastic week-long display of speed and stamina in the huge, indoor Pan-American pool.

A pair of 17-year-old sharks from Santa Clara, Calif., Mark Spitz and Claudia Kolb, 15-year-old Katie Ball of Jacksonville, Fla., and Canada's 16-year-old Elaine Tanner were the record wreckers of distinction.

Spitz captured his fifth gold medal and Miss Kolb collected her second world record and third gold medal Tuesday as the United States swept all five of the final events in the Pan-Am pool.

The track and fielders from the United States kept pace with the aquatic whizzes by taking all four of the titles at stake Tuesday for a 15-of-16 record.

The Yanks figure to take at least five of the six golds on the line today.

In all the favored U. S. squad had 38 gold medals, 47 silver and 32 in bronze for a whopping total of 167. Canada was next with 75 (42-23-10) while Brazil was next best in golds with six and a total of 13 (6-4-3). Argentina

Riessen Defeats Ecuador's Hero

SOUTH ORANGE, N.J. (AP)—The United States finally has beaten Ecuador in tennis, but it came about six weeks too late to do America's Davis Cup chances any good.

Marty Riessen of Evanston, Ill., seeded fifth, turned back Ecuador's Davis Cup hero Francisco "Pancho" Guzman 9-7, 6-2 Tuesday in the second round of the Eastern Grass Court Tennis Championships.

Riessen and Clark Graebner of Beachwood, Ohio, lost their Davis Cup doubles match to Guzman and Miguel Overa of Ecuador upset the United States 3-2 in Guayaquil in June. The winners' other two points came as first Overa and then Guzman, in the deciding match, whipped top-ranked Arthur Ashe.

In This Corner

By RAY CRANDALL

Among the College All Stars in action against the Green Bay Packers in Friday night's midsummer football classic at Soldier Field in Chicago will be Curt Marker, 250 pound guard who played for Coach Rolfe Dotch at Northern last season . . . Marker was a fourth round draft choice of the Dallas Cowboys and will report to their training camp as soon as his All Star chores are completed.

Gene Summers, another Northern athletic great, has been released by the Dallas Cowboys after a tryout as a flanker back . . . Summers earned All-America recognition as a basketball player at Northern.

Bill Rademacher of Menominee, also an ex-Northern star, has had his pro football career interrupted by a call from the Army . . . He left last week for a six months tour of duty in the Army Reserve at Fort Knox . . . He hopes to rejoin the New York Jets of the AFL before the season ends.

Upper Peninsula golfers have been scoring holes in one with almost monotonous regularity in recent weeks . . . Walter Silva and Robert Despins of Iron Mountain clobbered their tee shots on the 150 yard No. 14 hole at the Pine Grove Country Club course . . . Ben Roscoe of Norway dropped his shot from the tee on the 130 yard No. 9 hole at the Oak Crest Club, the fourth on this season on the Norway course . . . Pete Alexander of Wilmington, Del., registered the fourth hole in one of the season at the Marquette Country Club, connecting on the No. 3 hole.

Iron Mountain's Little League team, champion of the Upper Peninsula, defeated Minnesota state champion Duluth by a 2-1 margin to advance to the sectional tournament at Milwaukee this week . . . Jim Roosen fired a three hitter and fanned 11 for the mound victory . . . Steve Mariucci and Kim Carey hit solo homers for Iron Mountain's two runs.

Ishpeming's Woody's Bar, defending Upper Peninsula Class A softball champion, reached the finals of the Rhineland Invitational tournament before bowing to 616 Club of Green Bay, 4-3, in 14 innings . . . Werner Maki and Bob Wills handled mound duties for Woody's while Bill Sundell and Fred Fels pitched for the Green Bay team that also won the tournament last year.

The powerful Felch Rangers rang up their 10th straight victory in the Wisconsin baseball loop, whipping Wallace by an 8-2 margin behind Jim Edberg's four hit mound performance . . . Stephenson, second in the league with a 10-1 record, won on a forfeit when Menominee failed to field a team for their scheduled game at Stephenson . . . Carl Porior of Beaver turned in a nifty pitching effort as he limited McAllister to four hits and fanned 20 in a 4-0 victory.

Ironwood had its 10 game victory string in the Western Upper Peninsula prep baseball league snapped this week by Ewen, 4-0 . . . The Red Devils, who have clinched the league crown, were limited to three hits by Bill Fole who fanned 12 and didn't issue a walk.

Credit Union won the Iron Mountain Intercity softball league second half championship by defeating C&R Bar, 7-3, with veteran Carl Lemm scattering five hits . . . The victory was Credit Union's eighth in nine starts after a perfect 10-0 record in the first half.

Iron Mountain's Jack Hooper continues to shatter par at the Pine Grove Country Club while tuning up for next week's Upper Peninsula men's tournament . . . Hooper equaled the course record with a sizzling 69 on rounds of 36 and 33 this week.

Arm Okay, Wilson Twists Ankle In Detroit Victory

BALTIMORE (AP)—Big Earl Wilson's arm doesn't bother him — it's the Detroit pitcher's leg.

The 6-foot-3 righthander was hurling a strong game against the Baltimore Orioles until he went to bat in the top of the eighth inning Tuesday night.

Then he swung too hard on a pitch by Stu Miller and twisted his left ankle.

He left the contest with the Tigers leading 4-1, and by the time it was over Detroit had whipped the Orioles 4-2, giving Wilson his 14th victory against eight losses.

Don Wert and Bill Freehan walloped solo homers. Wert slammed his fifth homer of the season in the fifth inning off Tom Phoebus who was tagged with the loss.

The third baseman also drove home a run in the sixth with a sacrifice fly after Freehan stroked his 14th homer.

The Tigers broke a scoreless tie in the fourth on doubles by Willie Horton and Jim Northrup.

Detroit remained four games behind the American League leaders, Chicago, The White Sox beat Cleveland 11-5 Tuesday night.

Wilson permitted six hits, including a fifth-inning homer by Andy Etchebarren, during his seven innings. Two of the hits were by Frank Robinson, the

AL's leading hitter, who returned to action Saturday after double vision kept him out a month.

Mike Marshall went to the mound in relief of Wilson. But one of his pitches struck Frank Robinson, advancing him to first. Brooks Robinson singled. Curt Bleary hit a long fly to Mickey Stanley at the fence, but Paul Blair singled home Frank Robinson.

After another single loaded

the bases, Etchebarren hit into a force play.

Left-handed rookie John Hiller replaced Marshall and saved the inning by getting Boog Powell on a ground out. Hiller retired the Orioles in order in the ninth, picking up his first save of the year.

Joe Sparrina (10-4) faces Gene Brabender (0-1) and Denny McLain meets Jim Hardin (1-0) in tonight's doubleheader with the Orioles.

OUT OF REACH was the order of the day for Eddie Mathews who just couldn't seem to get that extra inch to turn these base hits into potential outs.

Bankers Defeat Teamsters, 4-0

Tuesday Result
Bankers 4, Teamsters 0
Game Tonight
U.A.W.-C.I.O. vs. Mead 6 p.m.

The Bankers defeated Teamsters, 4-0, in the Escanaba Babe Ruth baseball tournament Tuesday night as Allen Larson pitched a neat one-hitter, fanning 13 batters and walking three.

Larson also contributed three hits, one a long homer over the center field fence. John Baibea, Banker first sacker also had two for two, including a triple.

Joe Harvey, Banker backstop, added a circuit clout and John Hiney, Teamsters' little centerfielder, robbed him of another when he smashed into the outfield fence but held onto the ball.

Dave Moberg allowed 10 hits from the Teamster mound, striking out 10 and walking three. Bill Baum was behind the plate.

Lone hit off Larson was a double by Dave Ness in the fourth inning.

The Bankers return to action against Kiwanis Thursday.

Au Sable Race This Weekend

GRAYLING (AP) — The Au Sable River Canoe Race will be held Saturday and Sunday in two legs.

The race starts Saturday afternoon with a run from Grayling downstream to Mio, about 30 miles as the crow flies.

Sunday the racers leave Mio for Oscoda on Lake Huron, a straight-line distance of about 45 miles.

At least 30 teams have entered, headed by defending champion Ralph Sawyer, of Oscoda. This year Sawyer will team with Stanley Hall, Oscoda, a veteran canoe racer.

Boisture Named Eastern Coach

YPSILANTI (AP) — Dan Boisture, an assistant coach at Michigan State, has been named head football coach at Eastern Michigan University.

Boisture, a former University of Detroit football star, replaces Jerry Raymond. Raymond will remain with EMU as a member of the faculty.

Boisture was an outstanding end at Detroit. During the past eight seasons he has served as an assistant to MSU Coach Duffy Daugherty. Since 1963 he has been in charge of the offensive backfield for MSU.

Waterman New Yale Mat Coach

NEW HAVEN, Conn. (AP)—Bart Waterman, wrestling coach at Ypsilanti, Mich., High School, was named head wrestling coach at Yale University Tuesday.

Waterman succeeds Henry Campbell, who resigned after five years at Yale and returned to high school teaching and coaching.

Waterman, 41, is a 1950 graduate of Michigan State. He was runnerup in the National AAU wrestling championships in the 165-pound class in 1948.

During his 16 years of coaching at Ypsilanti High, Waterman's teams have won 192 meets, lost 37 and tied four, and have taken the state championship five times.

Sauer Feels All Stars Will Hit With Packers

CHICAGO (AP) Coach Johnny Sauer of the College All-Stars is convinced of two things — he has the best talent available and his team will slug it out toe-to-toe with the Green Bay Packers.

Sauer leads the All-Stars against the Packers Friday night in Soldier Field with hopes of wiping out the 38-0 licking administered by the Packers against his 1966 All-Star contingent.

"I don't make predictions," said Sauer Tuesday "but I guarantee you this squad will hit with the Packers all night."

Speaking before the annual luncheon where the Stars make their only pre-game public appearance, Sauer said, "I don't know of a single rookie with any pro team presently who belongs on this squad. We have the best players available."

The All-Stars, who have a glittering array of talent, had their hopes bolstered last Thursday when they got their first taste of pro competition in a scrimmage against the Chicago Bears.

The Bears won the game 23-22 with a field goal on the last play but the Stars were satisfied with their performance.

The man who is expected to do most of the hitting for the

Stars is All-America Bubba Smith, the 290-pounder from Michigan State.

"I expected him to use his strength more than he did," said Bear Guard Jim Cadle, who went up against Bubba in the scrimmage.

"I thought he'd come straight ahead with power," said Cadle. "Instead, he was moving and throwing. He's learned some tricks already which is unusual for a rookie, especially a man his size."

Smith Smashes Highland Par

A red hot 3-under par round of 33 was turned in by Jack Smith to lead all golfers in the Highland Twilight League. Smith fired birdies on Nos. 3, 4, and 9, while matching par on the other six.

Other low scores included Dave Friets who also dipped below par with 34 and followed with a 36. Al Davidson 37, Jim Douglas 37-40, Dirk Nelson 38, Lanny Johnston 38-40, Jim Schultz and Wayne Cooper 39, and Mel Mankie, Don Cooper, Barney Barnhart, Jerry Sundquist, Ward Steimert, Lawrence Beauchamp, Carl Hendrickson and Vial Smith 40.

Smitty's Smackers stretched their league lead to 6 points with a 10-point performance. Wertz's Watusis and W. R.'s are tied for second with 66½, while a 10½ point production by Doug's Dubbers moved them into a tie for fourth with the Divot Diggers with 64½ points.

Team standings: Smitty's Smackers 72½, Wertz's Watusis and W. R.'s 66½, Doug's Dubbers and Divot Diggers' 64½, Has Beens 56½, Con's Clubbers and Long Knockers 55½, Rum Dums 53½, Barney's Beavers 50½, Hackers 50, Hi Flyers 47, Got Yas and Super Valu 46½.

Pitcher's Paradise Until Willie Mays Finds Range

By The Associated Press

Leave it to Willie Mays.

It was a pitcher's paradise in the National League Tuesday night until Mays caught up with Woody Fryman in the seventh inning of San Francisco's 3-1 victory over Pittsburgh.

Willie walloped his 14th home run of the season and No. 356 of his career helping Juan Mari-

chal win his 6th game.

Mays' blast was the first and only homer of the night as the pitchers shut off the power in the National League. The shot soared over the right center field fence at Candlestick Park and was Mays' first circuit since June 28. He struggled through a homerless July with a heavy cold and influenza.

In other National League action Tuesday, Chicago cut St. Louis' lead to 3½ games by clipping the Cardinals 3-2. Cincinnati shut out Atlanta 2-0 on Jim Maloney's three-hitter. New York topped Houston 5-1 and Philadelphia nipped Los Angeles 2-1.

Marichal hurled a six-hitter and drove in the game's tie-breaking run with a sixth inning single following hits by Hal Lanier and Tito Fuentes.

Roberto Clemente had tripled home a run for the Pirates in the third but Jim Hart's two-out single in the fifth following an error by Gene Alley, tied it for the Giants.

Ferguson Jenkins hurled a six-hitter and won his 14th game for the Cubs, as the Cardinals' six-game winning streak came to an end.

Ron Santo and Clarence Jones smacked run-scoring doubles, helping Chicago to an early 3-0 edge. Jenkins was coasting on a two-hitter until the eighth when the Cards rocked him for both their runs. But the young righthander pitched out of the jam and hung on for the victory.

Maloney, 9-7, hurled his sec-

ond complete game of the season and was in control all the way against the Braves. He scattered three singles and struck out eight.

"He was about the best I've seen him this year," said catcher Don Pavletich, whose eighth inning double led to the Reds' second run.

Maloney protected a 1-0 lead provided when Tony Perez rapped into a bases-loaded double play in the fourth. Then doubles by Pavletich and Chico Rutz gave him an insurance run in the eighth.

Ed Charles drove in three runs with a pair of singles and Don Shaw bailed Don Cardwell out of a bases-loaded jam in the fifth inning as New York ended a six game losing streak and a seven game Houston win string.

Charles singled John Sullivan across with the tying run in the second inning and then followed hits by Tommy Davis and Ron Swoboda with a two-run single in the third.

Shaw struck out Rusty Staub, Eddie Mathews and Bob Aspromonte, leaving the bases loaded in the fifth inning. The young left-hander allowed just three hits in five innings of relief and gained credit for his third victory.

Tony Gonzalez drove in both Philadelphia runs with a single and a sacrifice fly as Larry Jackson outduelled Claude Osteen.

Girls Softball

The schedule of games for the U.P. Women's softball tournament at the Northside Field in Iron Mountain this weekend follows:

Friday - Escanaba State Bank vs. Norway at 6 p.m.; Escanaba Tim & Sallys vs. Gil's Mileage of Iron River at 7:30 p.m.; White Stock vs. Jay-wack at 9 p.m.

Saturday - Sportsman's Bar of Escanaba vs. winner of Friday's 9 o'clock game at 2:15 p.m.

Note: Thursday night's game between Sportsman's Bar and Kiwanis has been rescheduled for the Webster Field.

Favorite Needs Rally For Win

KALAMAZOO (AP) — The favorites are living dangerously in the boys' division of the National Junior and Boys Tennis Championships.

Top-seeded Woody Blocher of Dallas, Tex., trailing 5-3 in the third set, rallied to defeat James Hagey of La Jolla, Calif., 6-2, 4-6, 7-5, Tuesday in the second round.

Second-seeded Richard Stockton of Garden City, N. Y., needed three sets Monday to eliminate Scott Zuelke of Elm Grove, Wis. Stockton had an easier time Tuesday in the second round as he ousted Philip St. Georges of Redford, N. Y., 7-5, 6-2.

Form held firm in the second round of junior singles. Top ranked Zan Guerry of Lookout Mountain, Tenn., trimmed Rick Wack of Decatur, Ill., 6-1, 6-1. Second-seeded Jeff Borowiak of LaFayette, Calif., whipped Craig Hardy of Tucson, Ariz., 6-1, 6-1.

Detroit Riot Is Described

Many small store owners in Detroit will not be able to reopen, as they have been badly hurt through riots, a letter to Mrs. Vivian Provo from her daughter, Cheryl, notes.

In a letter she states that some of the things she was watching on television were the same things happening on the street in front of the hospital where she works. During the rioting, she and others stayed at the hospital rather than go to and from work.

She described people running through the street with children and belongings, little neighborhood stores being looted and made useless for everyone, including the rioters, and of watching a small boy strut before a store after he had knocked the door down. The burglar alarm went off (on Sunday night) and was still going until noon Monday.

A man, apparently drunk, put his hand through a drug store window, then went to the hospital for treatment. Some men were observed going into a bedding factory. Police arrived quickly, drew pistols and were sassed by the men. A uniform company store owner was killed Sunday night.

A fire raged within a block of the hospital and filled corridors with smoke. Glowing ashes landed on the hospital roof and soot ashes got in people's eyes. Air smelled terrible; every wind was smoke-filled. Gunshots could be heard as snipers were battled.

Women were discharged from the hospital with new babies and were given two days formula supply for the infants. Many worried where they would get milk or formula for children.

After the riots, National Guardsmen continued patrols. Miss Provo told of going with a friend to an RN's house to get back a diamond ring and of walking five blocks to get it. The group saw buildings burned down and jewelry stores with windows out and everything gone. Some watch cases and such were all that was left.

Negro store owners put signs in their windows, "Soul Brother." Many of them were seen, she said, and they weren't touched.

A MONITOR of latest vintage, resembling the famed steel-hulled craft of Civil War days, blast away with 40-mm shells into an enemy position in the Mekong Delta. Several such craft are being used in Vietnam waterways against enemy forces. The slot-like metal shields on the side are designed to detonate some enemy shells before they make contact with the boat's hull.

Program Set By Drama, Pep Lot Students

A creative drama class taught by Mrs. Marvin Mercer and a pep lot group in the charge of Mrs. Robert Weber will present a program at 7:30 p.m., Aug. 16 in the high school auditorium. The program is sponsored by the Community schools will be open to the public and parents. There will be no charge.

Jehovah Witness District Meet Is Scheduled

The Watchtower Bible and Tract Society is sponsoring 64 conventions in the U.S. and Canada this summer. Similar meetings are being held in the British Isles. The Manistique group plans to attend the district assembly in the National Guard Armory at Sault Ste. Marie Aug. 10-13. Bible lectures, dramatizations and house-to-house visits are planned in the 4-day meeting, expected to attract 2,000 or more delegates.

Meat Crops Low

LANSING (AP) — Michigan's 1967 lamb crop, calf crop and chicken production all are below last year. The Michigan Crop Reporting Service estimates the lamb crop at 178,000 head, down 29,000 from last year. The calf crop is estimated at 572,000 head, down 8 per cent. Chicken production is estimated at 5.9 million, down 4 per cent.

Briefly Told

Application for a marriage license has been made by Dennis L. Olson, and Sandra Kay Ripley, both of LeRoy.

World War I veterans meet at 7:30 p.m. today, (Wednesday) in the VFW hall.

Radio Operators Will Gather Here

Ham radio operators from the Upper and Lower peninsula and from Wisconsin will be in Manistique Aug. 5-6 for the annual hamfest. More than 450 are expected for the two-day event. The armory will be headquarters.

Ed Lindquist of Newberry's WABASR will be master of ceremonies. Dana Cartwright of the American Radio Relay League will speak.

Shopping tours and visits to the Big Spring and Thompson Fish Hatchery are planned Saturday afternoon. In the evening, a banquet will be served in St. Francis de Sales parish center.

A travelog by Harold Burhop of W8ZL of Dafer will follow, in the armory. Mr. Burhop is retired for the FAA and travels throughout the world.

Sunday the Great Lakes Emergency net meets at 10:30 a.m. and the Young Ladies Net at 11 a.m. Registrations will be received in the morning.

members will attend the church of their choice and a noon luncheon will be served. Evening and emergency nets meet in the afternoon. A question and answer program for the council of club fellows, with Mrs. Cartwright.

A swap and shop for radio equipment will be conducted. Many will be given. Games are planned for women and children.

Radio operators will set up at the armory to direct people into the community. Vern Barton, president of club (WABLHC) and Henry Brulin of W8ZDF are chairman and assistant chairman. Assisting are Fred Cota W8JNZ, Lyle Kotchen, W8ORR and Holly Hughson, W8YWF.

The Hamfest is being sponsored by the Pictured Rocks Radio Club of Munising and Manistique.

Those interested in ham radio are invited to attend.

Finale For Band Season Is Aug. 3

The Manistique Municipal Band will present the final concert of the season at 7:30 p.m., Aug. 3 at the Band Shell.

The band plans to perform an extra concert in August, after student members return from the Northern Michigan University band camp.

This summer's concert series has been pleasing to band members. The concerts have been drawing and more enthusiastic crowds than expected.

Unlike its counterpart in Munising, the Manistique Band has been growing in recent years.

Since the early 1950s, the Upper Peninsula's city band population has been dwindling. This has been caused by two factors: lack of money and personnel.

At present there is not a band operating, other than Manistique's, on so small a budget. The personnel problem has been overcome by all bands in the same manner-taking high school musicians into ranks.

They have been found to be very capable and willing to work. But every band including Manistique's, would like to see more participation by adults.

Presently negotiations are being made to have the Escanaba City Band perform a concert here in August. In return, Escanaba would like the Manistique Municipal Band to perform a concert in Escanaba. Money is the problem. The Manistique Municipal Band does not have the funds to finance such a trip and concert. The band is hoping that in event the Escanaba Band performs a concert here, funds can be solicited to send the band to Escanaba. Arthur Fountain, Jr. director reports.

Milk Cost Rise Hits In Detroit

DETROIT (AP) — Half-gallons of milk cost three cents more today in many Michigan stores, reflecting an increase in the wholesale price of milk.

The Michigan Milk Producers Association raised the price of raw milk Tuesday from \$6.10 to \$6.40 per hundredweight or about two-thirds of a cent per quart.

The remaining cent and a half per quart increase at the retail level is to cover increases in packaging and processing costs, according to J.E. Stedman of the Greater Detroit Board of Commerce.

Stedman also forecast there will be a retail price increase for ice cream, cottage cheese and other dairy products later on.

Most Detroit-area stores have been selling two-half-gallon cartons of milk for 80 cents.

Jack W. Barnes, general manager of the Michigan Milk Producers Association, said processors were advised July 18 of the upcoming wholesale increase.

Barnes described the increase as an incentive for state dairy farmers who he said have been decreasing in numbers because "they can't make enough money anymore."

Personals

Mrs. Carol Dine and daughter, Susan, have returned to Orlando, Fla., following a 2-week visit at the A.L. LaVigne home.

Edwin P. King and Mr. and Mrs. A. R. Kincaid of Kansas City, Mo., are visiting with the Eben T. Kings while on a trip to Canada. Edwin King is a twin brother of Eben. They also visited the J. J. Kings and Willard Bolithous. Bob King, who teaches school near Sacramento will arrive today for a visit with his parents, the J.J. Kings and Russell King.

Pension Boosts Get A Trimming

WASHINGTON (AP) — The House Ways and Means Committee is trimming President Johnson's Social Security proposals sharply to avoid piling a big payroll tax increase on top of an anticipated jump in regular income taxes.

Instead of a benefit increase for retirees of at least 15 percent as Johnson proposed, the committee now all but finally has voted for 12 1/2. The Associated Press learned. Instead of raising the current \$44 minimum monthly payment to \$70, the committee would hike it to \$50.

Another preliminary decision is to set aside entirely the administration proposal to extend hospital and other benefits of medicare, now confined to those 65 or older, to younger persons retired because of disability.

These rollbacks make possible a much more modest increase in the payroll taxes that finance basic Social Security and medicare. These taxes now are levied on a wage base of a maximum \$6,000 per employee. Employers and employees each pay 4.4 percent.

Johnson's proposal would have increased the base next

year to \$7,000, the first step in a staged rise to \$10,000 by 1974.

The committee instead has written in a single increase, effective Jan. 1, to \$7,000. Members concede future Congresses may have to make more increases.

The maximum annual Social Security tax an employee now pays is \$230.40. Under the administration proposal, the maximum next year would be \$234.20. Under the committee version, the maximum would be \$234.40 — up \$44 from this year — and for those earning no more than \$6,000 there would be no increase.

All decisions made by the committee still are subject to change before it votes to send the bill to the House.

Monday Holiday Idea Gets Push

WASHINGTON (AP)—A move to make most national holidays fall on Mondays, thus providing five or six three-day weekends each year, is about to get a push in Congress.

A House Judiciary subcommittee has scheduled hearings for Aug. 16-17 on bills that would shift Washington's Birthday, Memorial Day, Independence Day and Veterans' Day to Monday. Several bills also would add Thanksgiving Day to the list.

With Labor Day already fall-

ing on a Monday, the measures would produce a string of short vacations throughout the year. Christmas and New Year's Day still would cycle through the days of the week.

Similar bills have been kicking around Congress for years, but this is the first time hearings will be held on them.

The idea has strong support in the business community, which thinks it would smooth out production schedules and cut down absenteeism among workers who make their own three- or four-day weekends when holidays come in mid-week.

The only real opposition comes from traditionalists who find it inconceivable that the Fourth of July, for instance, should be celebrated any other day.

But supporters of the legislation have amassed a lot of information showing the dates of most holidays have been set arbitrarily and that the calendar itself has been changed.

The proposed changes would make Washington's Birthday fall on the third Monday of February, Memorial Day on the last Monday of May, Independence Day on the first Monday in July and Veterans' Day on either the last Monday in October or the first Monday in November.

Some would have Thanksgiving Day observed on the fourth Monday in November.

Enactment of any such legislation would affect only federal government activities. The states still would be free to proclaim their own holidays, but they generally follow national policy on such matters.
